RE: B.Z.A. Case Numbers 18735 and 18737, appealing a November 27, 2013, decision by the Zoning Administrator, Department of Consumer and Regulatory Affairs to permit the construction of a nine story hotel in the DC/CR District at premises 2121 M Street, N.W. (Square 70, Lot 880).

Dear Chair Jordan,

In a letter dated March 25, 2014, Advisory Neighborhood Commission 2A ("ANC 2A" or "Commission") transmitted to the BZA its position regarding the above-referenced matter. As the Commission has not taken any additional action to alter its position in the intervening time period, the ANC re-states its position for the record as follows:

ANC 2A opposes the Hyatt Place development until signage-related lighting issues, which stand to create light pollution impacts and adverse effects on residential quality of life, are resolved between the hotel and the 22 West condominium building across the street.

Commissioner Florence Harmon ([floencedc@comcast.net](mailto:floencedc@comcast.net)) or any other member of the Commission is authorized to represent it before the B.Z.A. in this matter.

ON BEHALF OF THE COMMISSION.

Sincerely,

Patrick Kennedy  
Chairperson
